

# YOUR SAFETY IS OUR PRIORITY

**Over \$100,000 invested in safety  
measures & improvements**

## Staff

- Temperature & health checks upon arrival
- Trained by the National Restaurant Association's ServSafe training on COVID-19
- Full time manager added to both locations to oversee increased monitoring, training, & takeout business
- Enhanced communication via text & email for up to the minute information as guidelines change

## Guest

- Single use placemat menus
- Pay at the table & touchless takeout payment options
- Mobile or curbside pickup of takeout & gift card orders
- Optional individual packaging for catering orders

## Facility

- NASA approved Guardian air purifiers & filtration to 99.97% that kills Covid-19
- HVAC Air filters changed every 30 days along with increased capacity of fresh air economizers so the air is changed out 4 to 5 times during your visit
- Fire pits at both locations to extend outdoor seating comfort. Year round outdoor seating coming soon to Nashua.
- Custom partitions added in seating area
- New roof top heating & air conditioning units (Nashua) for improved air flow
- New water heaters installed in both locations with quicker recovery to keep up with increase cleaning, sanitation and hand washing
- All high touch surfaces cleaned frequently with peroxide disinfectant
